Goodwill South Florida

2024 was a milestone year for Goodwill South Florida. Our six operating divisions reached a record-breaking \$199 million in revenue, driven by the success of our Ryder Apparel Manufacturing business, along with significant gains in Laundry, Donated Goods, and Service Contracts. Our Philanthropy efforts also saw an impressive \$1 million increase in revenue. These businesses do more than generate cash flow—they are the foundation of our mission, creating jobs and opportunities for individuals with disabilities and other barriers to employment.

While we continue to navigate margin challenges due to rising wages and fixed contract pricing, we are proactively investing in advanced machinery and technology to drive efficiency, particularly in our Ryder Apparel Manufacturing division.

Throughout 2024, we made significant strides by:

1. Strengthening our leadership team. We welcomed several accomplished leaders—Raisa Ciobanu, Karen Lithgow, Michael Piasentini, and Viviana Santisteban—who bring valuable expertise to drive our continued growth.
2. Launching our first capital campaign, Champions of Goodwill: Changing Lives Through the Power of Work. This transformative three-year initiative will expand our services, impact more lives, and grow our skilled workforce to meet the evolving needs of our community. We are deeply grateful to our donors for their generous support.
3. Enhancing our operations and infrastructure. We implemented a new point of sale system to improve efficiency, enhance customer experience, and maximize revenue potential. We also laid the groundwork for a modernized human resources

information system to streamline processes across our 35 stores and support thousands of employees.

4. Celebrating 65 years of impact at our sold-out Craft Your Look Gala: Rediscovering Goodwill South Florida. Guests were treated to an unforgettable evening featuring a signature fashion show, a moving performance by The Spirit of Goodwill Band, and a curated celebrity chef menu. A heartfelt thank you to our top sponsors—Badia Spices, Ryder, Bacardi, Southern Glazer's Wine & Spirits, Julie Greiner Weiser & Michael Weiser, Bermont Gold, and City National Bank—for their unwavering support.

5. Expanding workforce development with our new Vocational Academy. Through our Mission Services division, we are equipping individuals with specialized job skills. This year, we launched a Construction Workforce Lab in partnership with the Moss Family Foundation, providing high-demand training in construction and commercial solar installation.

6. Strengthening our board with the addition of two outstanding new members, Lisa Kauffman and Joe Zubizaretta. Their expertise will help guide us as we continue to grow and evolve as a complex social enterprise.

At Goodwill South Florida, we are proud that 95% of our funding directly supports recruiting, training, paying, and providing benefits for our employees with disabilities and other barriers to employment.

To our supporters—you are the driving force behind our impact. Your generosity fuels change, creates opportunities, and strengthens our community. With your continued partnership, we will do even more.

With gratitude,

Julie Greiner Weiser and David Landsberg

Celebrating Success

Achiever of the Year – Claire West

“Despite everything, I never lost hope in rebuilding my future.” – **Claire West**

Claire West, 61, has called South Florida home for over 25 years. Originally from Jamaica, Claire holds a Bachelor of Science in Nursing Administration and a Master’s in Business Administration. Despite having these degrees, she found herself facing extreme hardships, including homelessness and an undocumented history of epilepsy and seizures.

When Claire first visited Goodwill South Florida’s Ft. Lauderdale headquarters, she lived in her car, struggling to find stability after a difficult divorce that left her in financial distress. She enrolled in the Mission Services’ Career and Skills Center program, connecting with a Career Navigator.

Despite her circumstances, Claire demonstrated unwavering perseverance, showing up to all scheduled appointments at local libraries and actively engaging in her job search. Claire clarified that she would take any hospital job to regain financial independence despite her advanced education and previous experience as a Medical Equipment Technician Supervisor and a Health and Wellness Coach.

On July 15, 2024, Claire's dedication paid off when she secured a full-time overnight position as an Environmental Technician at HCA Florida Northwest Hospital in Margate, earning \$15.00 per hour plus benefits. This was a significant step toward rebuilding her life. Claire stabilized her emotional well-being and hoped to gain access to affordable housing. Her long-term hope is to eventually transition into a role that aligns more closely with her educational background and prior experience.

Claire’s story is one of immense courage and determination. Despite living in her car, battling emotional struggles, and facing employment barriers, she never lost sight of becoming financially independent.

Celebrating Success

Achiever of the Year – Jesus Rios

“Jesus is always perfect in his job. He exceeds daily production goals and is an exemplary worker.” – **Elcides Fernandez, Supervisor**

Jesus Rios was referred to Goodwill South Florida by the Florida Agency for Persons with Disabilities and the Medwaiver Program. He wanted to create a better future despite facing significant challenges. Diagnosed with autism and an intellectual disability, Jesus faced barriers such as difficulties with social communication, sensory sensitivities, and adapting to workplace norms. However, through unwavering determination and commitment, he embraced the opportunities our Mission Services programs provided, demonstrating resilience and a willingness to grow.

Jesus started in the Miami headquarters’ Adult Day Training service in 2014 without prior work experience. He initially worked as a Bench Worker on various projects, including packaging cinnamon for Goodwill South Florida’s Badia Spices work activities program.

Beyond professional accomplishments, Jesus has significantly developed his behavioral and social skills. Previously struggling with verbal aggression and frustration, he has become a dedicated and dependable worker. His supervisor, Elcides Fernandez, praises Jesus’ work ethic. Despite working part-time, he usually exceeds his daily production goal and has never had problems with his coworkers and supervisor.

“I am immensely proud of him,” said Fernandez. “Through Goodwill’s Adult Day Training and Supported Employment Services, Jesus has received skills training, employment support, life skills development, and behavioral counseling. These services have enabled him to gain independence, improve communication, and enhance his quality of life. He has maintained a cheerful outlook, met and surpassed production goals, and built strong relationships with his coworkers and supervisors.

Jesus’ journey reflects personal triumph and the power of opportunity and support in transforming lives. His perseverance in overcoming challenges and his commitment to personal and professional growth make him a true inspiration.

Changing Lives Through the Power of Work

Every day, individuals with disabilities and employment barriers walk through Goodwill's doors in search of one thing—an opportunity. With your support, we don't just give them jobs. We give them dignity, self-sufficiency, and a future. Together, we don't just change lives—we transform them.
