

All donations that Goodwill can sell in its stores are greatly appreciated. The money from the sales of these donated items goes to help our mission of training, employment and job placement for people with disabilities and other barriers to work. However, when Goodwill receives items that cannot be used, staff must dispose of them, increasing expenses and reducing the revenue available for employment and educational services. Here is a useful list of Do's and Don'ts when donating your items:

Do's

- Clothing
- Shoes
- Household Items
- Housewares
- Books
- Furniture
- Electronics
- Computers
- Jewelry
- Linens
- Toys
- Cribs
